“Fuelling Agribusiness Managers, Yielding Adept Nation”

Years of thoughtful planning and hard work is required for a space mission to be successful. Similarly, NIAM encourages innovation, imagination, passion and diligence, to prepare us well for a successful flight in Agribusiness Career.

A farmer’s farm is his universe of possibilities where he dreams to touch the sky and works hard to expand his own limits. At NIAM, students are stimulated to think out of the box, test their limits and take up unconventional paths in the world full of followers.
“Anything is possible once you believe you are worthy of achieving it.”

NIAM is bestowed with resources to enrich every mind. At NIAM, every innovation is given wings and chance to prosper.

Established in 1988, under the Ministry of Agriculture and Farmers’ Welfare, Government of India, the Chaudhary Charan Singh National Institute of Agricultural Marketing (CCS NIAM) is entrusted with the responsibility to strengthen the Agricultural Marketing domain of Indian Agriculture. Since inception, CCS NIAM has been offering a specialised training, research and consultancy in Agriculture marketing to India and South-East Asian countries.

The two year fully residential Post Graduate Diploma in Management (Agri-Business Management) (PGDM (ABM)) commenced in the year 2001 and since then, management education has been a foremost concern for the institute to deliver the most promising human resource to the industry. At NIAM, students go through a meticulous academic process to emerge as the most talented and committed riches for Agribusiness and Food industry.

CCS National Institute of Agricultural Marketing has a unique programme i.e. Post Gradate Diploma in Management (Agri-Business Management) which prepares techno managers of Agri-Business Management serving Agri-Business sector. The programme is unique as it is nurtured by a National Institute, which is involved in Policy advocacy, Capacity building, Research. Consultancy, International programmes and education in the field of Agricultural Marketing. By default, the students are exposed to current trends as being part of National Institute. They have clear understanding of grassroot level problems, expectations of state, strategies of Agri-Business companies and International trend. This is a learner led programmes strongly backedstopped by experienced faculty and constant interaction with industry leaders. The students have guidance and patronage by distinguished alumni of the programme who are serving in responsible positions in Agri-Business companies. The summer internships and industrial visits widen their horizon of thinking. Their association with international programmes exposed them to international trends. It is important to state here that PGDM-ABM students have actively taken part in research programmes conducted by NIAM. These students are enriched by socio-cultural activities of the Institute, namely National festivals, village adoption programmes and student festivals.

The institute is fully committed for development of Farmers and Agriculture. The dedicated and competent techno-managerial force nurtured by CCS NIAM is dedicated to nation. Let us use full potential of these young professionals to attain global leadership by Indian Agriculture. My best wishes for the success of all the future dreams of PGDM-ABM students.

Dr. P. Chandra Shekara, Director General, CCS NIAM

MESSAGE FROM DIRECTOR

“CCS NIAM has always been proactive in responding in dynamic agri-business industry needs by training and developing talented and professional agri-business managers. It is our continuing endeavour to keep abreast of the challenges and opportunities in the world of agri-business and present a cadre of young, dynamic and focused agri-business managers through a dedicated industry oriented rich and diversified academic schedule.”

Dr. Ramesh Mittal, Director and Chairperson- PGDM (ABM)

MESSAGE FROM DEAN

“किसी भी श्रेणी में जीता है और संस्कृति में हारा है।”
Agribusiness and Food Industry need best brains and most efficiently trained manpower to maximize returns in Agriculture by connecting farmers and consumers. This paradigm of “Farm to Folk” is very adequately served by the pass outs of PGDM (ABM) from the portals of CCS NIAM. Right attitude and complete skill set make students the distinguished Techno-Managers.

Dr. Vikram Singh, Dean- PGDM (ABM)
The only institute for agricultural marketing in South-east Asia, CCS NIAM is an institute one of its kind in the arena of Agribusiness. Owing to the institute's association with the Ministry of Agriculture, the students at CCS NIAM enjoy the unique opportunity to participate in their projects and benefit from the extensive database of knowledge, while gaining firsthand experience with farmers.

NIAM’s Eminence
With students hailing from 26 different universities which are established pan India, batch 2018-20 prides itself on being the most diversified batch of NIAM culturally, and especially from a standpoint of knowledge. This coalescing environment has helped the students to adapt to any situation presented in front of them, fortifying them with the spirit to create opportunity at every point.

Integration for Excellence
Here at CCS NIAM, the exceptional and diverse skills of the students are recognized and further honed for their evolution into managers armed with command of the nuances of the agribusiness world. Managers at NIAM stand apart in a league of their own.

A Cynosure of Merit
With students hailing from 26 different universities which are established pan India, batch 2018-20 prides itself on being the most diversified batch of NIAM culturally, and especially from a standpoint of knowledge. This coalescing environment has helped the students to adapt to any situation presented in front of them, fortifying them with the spirit to create opportunity at every point.

Abode to Erudition
Academics in the PGDM (ABM) program at CCS NIAM, has always been of utmost importance. The programme is regularly revised to keep the curriculum au courant with the industry standards. Our summer internship program enables the students to practically implement their learning, while the live projects, both from government and industry, provide an edge to the students. It is ascertained that the programme has a holistic approach.

Behind every successful flight, lies the will to win, full of thrust, against the wind.”

The students of NIAM have a strong willpower which acts as a thrust to work against all the odds and take off towards the sky of success.
From a pool of applications, a careful sifting of students is done to obtain the best brains in the country. The screening procedure is stringent, having several levels viz., high CAT/CMAT scores, group discussion and personal interview.

Objectives:

- To develop a conceptual base in different subject areas of relevance.
- To acquire sufficient operating skills in using modern management tools and techniques in different functional areas.
- To develop skills for application of management tools and techniques appropriate in the unique context of Agri-Business.
- To develop a gestalt perspective in the field of Agri-Business, its dynamics, complexities, challenges and opportunities in the emerging global context.

Post Graduate Diploma in Management (Agri-Business Management) was started in 2001. Since then the Institute has been constantly preparing Agri-Business professionals with critical competencies for Agri-Business sectors like Agri-Input, Agri-Consultancy, Banking and Finance, Commodity, Retail, FMCG, Rural Development etc. through its refined pedagogy.

"He who owns the soil, owns up the sky."

We as techno managers are well aware of the ground realities of agriculture and agribusiness and have the required skillset to uplift them.
INFRASTRUCTURE

On the outskirts of ‘Pink City’ Jaipur lies the lush green campus of NIAM. Spread over 32 Acres, NIAM campus provides a serene and spacious environment for budding managers to flourish. ALUMNI PRESENCE
INVITATION

Dear Recruiters,

Greetings from CCS NIAM.

With immense pleasure we welcome you to CCS NIAM campus for placement process of PGDM (ABM). Our vision is to create future leaders who will be able to achieve and create powerful establishments in the evolving corporate landscape. The curriculum of our programme is industry oriented, based on best global practices. Our students developed not only a holistic business perspective but also to evolve with an attitude and ability to seize opportunities in today’s competitive business environment. They are also imparted with core values to remain committed towards the betterment of the society along with their corporate world. We focus on quality-based internships, rural interventions like Unnat Bharat Abhiyan, rigorous academic evaluation, Industry orientated training programmes and international business environment. We enable to nurture and groom a young pool of new age managers who can work with passion, better quality and innovative approach to remain competitive in this highly aggressive business environment. I take this opportunity to invite you to recruit them into positions that matches their calibre.

Looking forward to host you in the campus.
